Chapter -24
WEB OF LIFE

1. Can you tell, why did we try to know and think about all these things?

Ans. We want to know about plants, animals, water, houses, vehicles, etc. because human life is not possible without all these things.

2. How are we linked to the thing shown in the picture? Come, let us find out:

(i) First of all, draw your picture in the blank space.

(ii) Now, join your picture with lines to all those things which you feel are needed for you to live.

Ans. Yes.
